# TWYFELFONTEIN

Set in the Kunene Region of northwestern Namibia, Twyfelfontein is a spectacularly scenic area, featuring one of the largest and most important concentrations of rock art in Africa. The name 'Twyfelfontein' translates to 'Fountain of Doubt', which refers to the perennial spring situated in the impressive Huab valley flanked by the slopes of a sandstone table mountain.

It was this spring that attracted Stone Age hunters over six thousand years ago, and it was during this time that the extensive group of rock engravings and paintings were produced. Visitors can look forward to basing themselves at some wonderfully shady campsites along the Aba-Huab riverbed, while exploring over thirty different sites of these sacred records of ritual practices relating to traditional hunter-gatherer communities.

# SWAKOPMUND

Set along Namibia's spectacularly scenic coast, the seaside town of Swakopmund is known for its wide-open avenues, colonial architecture, and its surrounding otherworldly desert terrain. Founded in 1892 as the main harbor for German South West Africa, Swakopmund is often described as being more German than Germany.

Now a seaside resort town, Swakopmund is the capital of the Skeleton Coast tourism area and has plenty to keep visitors happy. The quirky mix of German and Namibian influences, adventure options, laid-back atmosphere and cool sea breeze make it a very popular Namibian destination. Founded to conserve the unique environment and wildlife species of the south-western Namib Desert, the park's mix of dunes, mountains, rocky outcrops, sandy flats and gravel plains provides habitats for a diversity of mammals – including hyenas, jackals, foxes, antelopes and various wild cats – as well as a plethora of bird species, reptiles, insects, frogs and flora.

Visitors can discover the mysterious 'fairy circles', which dot the landscape and sip on sundowners while watching the sunset over this unspoilt ancient landscape. Having been named Africa's first International Dark Sky Reserve, it is one of the least light-polluted areas in the world, so don't miss this excellent star gazing opportunity.
