3 EXQUISITE ISLANDS

Uluwatu

This is a popular destination in Bali known for its stunning clifftop views, beautiful beaches, and its famous Uluwatu Temple. The Temple is one of Bali's most iconic sea temples and is perched on top of a steep cliff about 70 meters above the Indian Ocean. The temple is an important spiritual site for the Balinese people.

Gili Air

The Gili Islands consist of three small islands: Gili Trawangan, Gili Meno, and Gili Air. Each island has its own unique charm but Gili Air is often considered the "in-between" island, offering a more balanced atmosphere compared to its siblings. The island has white sandy beaches and crystal-clear waters, perfect for swimming, snorkeling, and sunbathing. The island is surrounded by colorful coral reefs teeming with marine life.

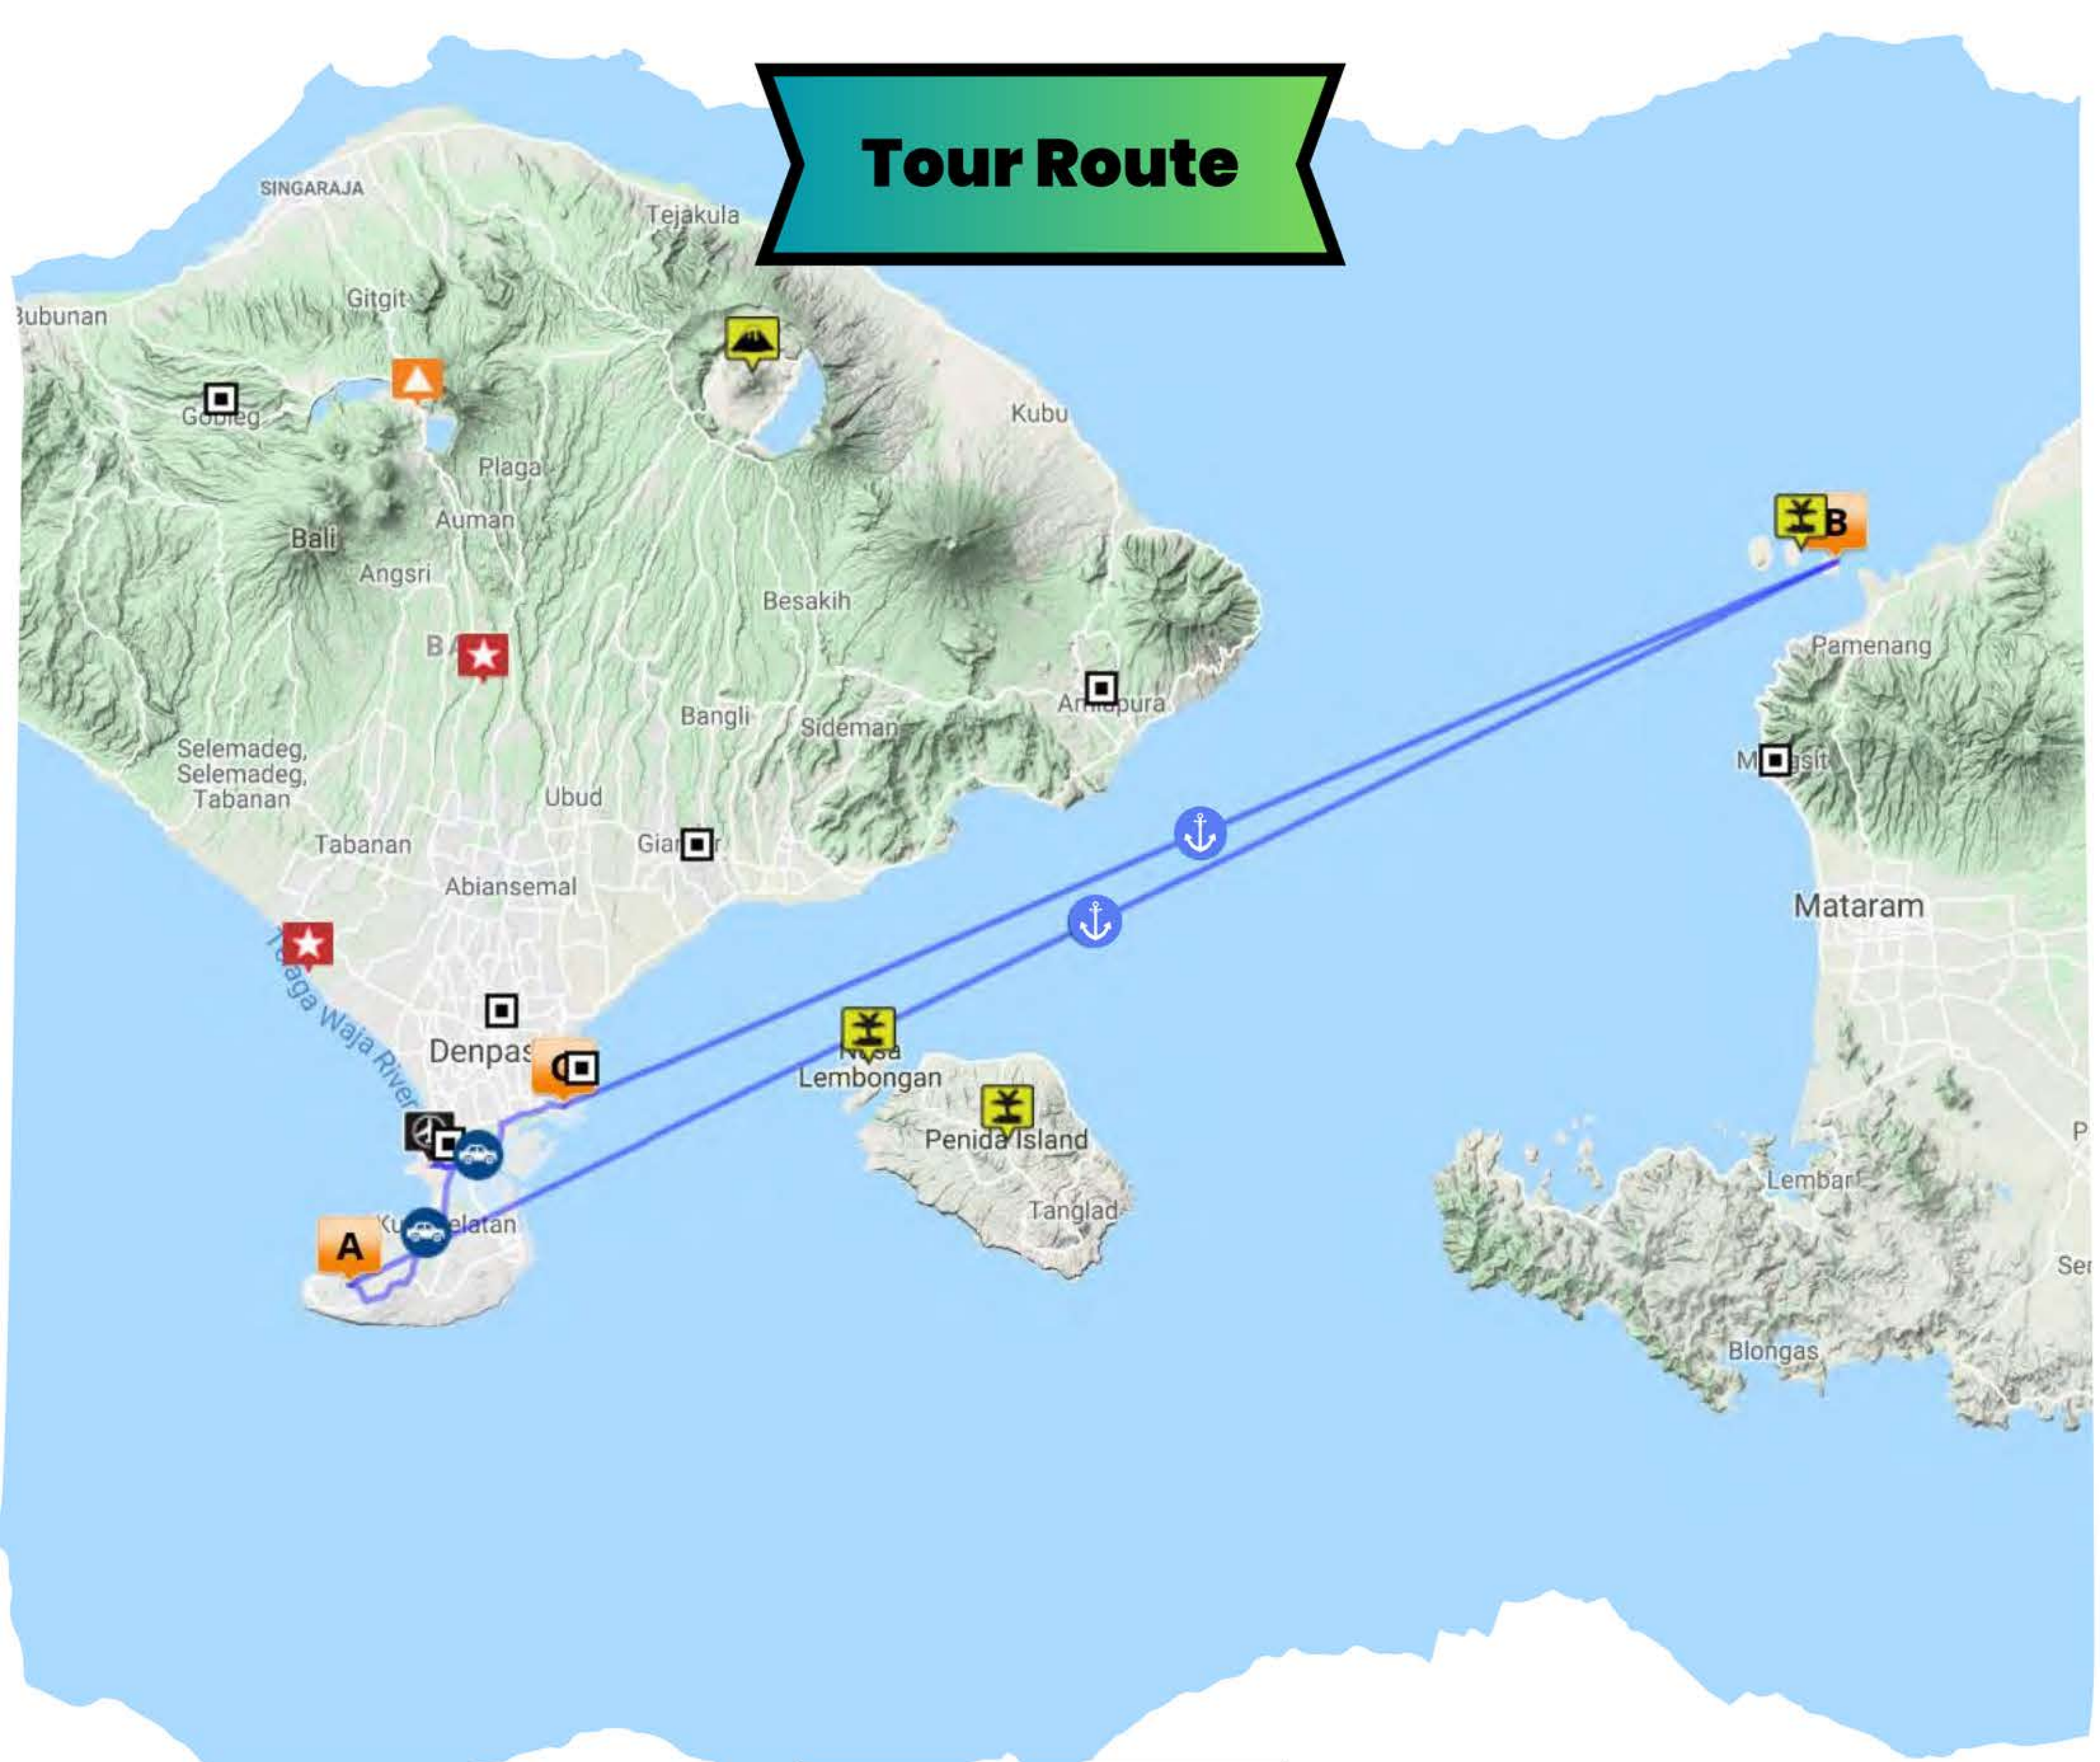

Sanur

A popular coastal town located in the southeastern part of Bali. Sanur is one of the oldest and most established resort areas in Bali, offering a relaxed and laid-back atmosphere on the golden sandy beaches and clear waters.

Tour Route

Day to Day

Day 1

After arriving in Denpasar airport you will be transported to the surf camp in Padang Padang. The area is famous for its magnificent landscape and beautiful nature dotted with surfing spots. After arriving at camp, you will have lunch, unpack and rest up for the adventures that await you.

Day 2

Today you start your surfing journey! Surfing lessons will be provided by an English speaking coach. Once you've mastered the theory, its time to try out your new skills in the water. Surfing in Bali is surely on the bucket list of every visitor – whether you are a beginner or an experienced surfer. Bali is well known for its surf culture and the wide variety of surf spots that are suitable for everyone.

It is a Mecca for surfers travelling from all over the world. After lunch you will enjoy some indoor activities and watch some movies to inspire your surfing even more.

Day to Day

Day 3

Your second surfing lesson will take place today, with a greater emphasis on practical application rather than theory. You will be taught various manoeuvres on a surfboard, specifically how to execute turns. Following the lesson, lunch will be served, and a range of beach activities including Stand Up Paddleboarding, volleyball, and bodyboarding will be available for enjoyment.

Day 5

Get ready for your third surfing lesson which will cover paddling techniques, board turning, and navigating through the break without the assistance of a teacher. In the evening, you will have the opportunity to visit the ancient Pura Uluwatu temple, which dates back to the 11th century. Perched atop a black coral rock cliff, 90 meters above the Indian Ocean, this temple is one of Bali's oldest sacred sites. The moment you step foot onto the temple grounds, you will immediately sense the enchanting energy that permeates the entire area. From the observation deck, you can marvel at the majestic ocean waves. At sunset, the mesmerizing Kecak fire dance begins—a captivating performance based on the sacred Bhagavat Gita book. Prepare to be enthralled as the men chant and dance in sarongs.

Day 7

Today you will climb the volcano and enjoy the beautiful sunrise from the top. There are several breathtaking waterfalls close to Ijen where you can swim, shower and take pictures.

Day 4

You will depart from the hotel in the morning to explore Ubud, a vibrant artistic city nestled in the jungle. The Balinese rice paddies are nearby, a symbolic testament to human labor. Rice is the cornerstone of

Balinese cuisine, with its varied colors and flavors. Cultivating rice requires careful submerging of the fields by hand, a tradition practiced by the Balinese for over 2000 years. After exploring the rice fields, you will join a cooking class and enjoy traditional Balinese food. You will then visit the sacred Monkey Forest, a lush jungle sanctuary teeming with playful monkeys.

Day 6

Surfing lesson number four continues in the morning. After lunch, you will have the exciting opportunity to visit the Ijen Volcano. Ijen is a quiet but active volcano, located on Java Island. Its spectacular sulfur lake and unbelievable landscapes will leave you speechless. It is also known as the 'blue' volcano due to the bright blue flames rising from the crater. These flames can only be seen at night and under certain temperature conditions.

Day 8

Today is your fifth surfing lesson. Afterwards, you will visit either a shelter or an orphanage. This promises to be a very meaningful experience where you can interact with and improve conditions for those who live in deserving communities.

Day to Day

Day 9

Today you will be transferred to Sejuk Cottage, nestled in the pristine paradise of Gili Island. Known as one of Indonesia's most breathtaking destinations, this serene island offers vibrant marine life and tranquil ambiance. Enjoy chilled beach bars, and witness awe-inspiring sunsets that paint the sky. Settle into your new accommodation in the northern part of the island, away from bustling tourist crowds and nightlife, and revel in a peaceful sanctuary. Afternoon activities will include snorkeling and swimming in the beautiful warm ocean waters.

Day 12

Enjoy yet another morning of beach and water sport activities. After lunch, you will prepare to climb up to another volcano. The Batur Volcano hike begins at approximately 23:30, where you will be transferred to the starting point. Mount Batur, an active volcano, offers a thrilling popular hiking experience. For those seeking adventure, a scenic and winding road leads down to the lakeshore, adding an extra element of excitement to the journey.

Day 13

By sunrise you will be well on your way to the volcano. A local guide will follow the group. It is cold in the beginning of the hike so make sure to pack a jacket. From the top of the volcano you can see the caldera and the beautiful lake Batur, which is the main source of irrigation of the island, and is a local breeding ground for freshwater fish. After lunch, you can either enjoy the Tibumana Waterfall in Bali, which is among the most beautiful hidden waterfalls near Ubud, or you can visit the hot springs near Batur. This is situated in a waterpark that boasts exhilarating rollercoasters.

Day 10+11

The first morning in Gili Island will be filled with a fun and adventurous activity - snorkeling! After lunch the community outreach program will continue. The following day you will be transferred back to Bali, where you will find your accommodation in the vibrant Sanur area. Strategically located, the hotel offers easy access to the beach, allowing you to indulge in a myriad of thrilling water sport activities. Unlike crowded beaches, the serene atmosphere of this coastal gem ensures a tranquil experience, offering ample space to unwind and bask in the sun. Prepare to make the most of your time by engaging in invigorating activities such as stand-up paddleboarding, energetic beach volleyball matches, and more captivating snorkeling explorations.

Day 14+15

Today, get ready to immerse yourself in the lush rainforest and captivating vistas of Bali's picturesque rice fields. Prepare for an exhilarating white-water rafting adventure along the Ayung River, located near Ubud. Known as one of the finest white-water rafting experiences in Bali, the Ayung River offers a perfect combination of thrilling rapids and breath-taking scenery. This particular river is well-suited for beginners due to its moderate white-water conditions, ensuring a safe and enjoyable rafting experience. The following day you will be transferred back to Ngurah Rai International Airport where you will be on your way back home leaving Bali with loads of memories and experiences that you will treasure for a lifetime.
